

FACT SHEET

No. 38 – Winter Fire Safety Checklist

Version 04

Issued: 2 December 2010

FACT

Each year, the NSW Fire Brigades attends approximately 4,500 residential fires in NSW with approximately 30% of them occurring in winter months.

IS YOUR HOME WINTER FIRE SAFE?

We recommend this simple safety checklist to help keep homes fire safe this winter. Make sure you and everyone in your household follows the following safety advice:

- Most importantly, have an adequate number of suitable smoke alarms installed throughout your home and make sure that you test them regularly.
- Make sure you and all your family know two safe ways out of every room in your home.
- Have a written home escape plan in case of fire and practice it regularly.
- Never ever leave cooking unattended.
- If you have a fireplace in your home make sure the chimney is clean.
- If you have a fireplace always place a screen in front of it when in use.
- Check electric blankets for damage or frayed cords before placing on the bed.
- Take care to keep curtains, tablecloths and bedding away from portable heaters.
- Keep wet clothing at least 1 metre from heaters or fireplaces and never leave unattended.
- If you use a clothes dryer make sure you clean the lint filter each and every time you use it.
- Only use one appliance per power point and switch off when not in use.
- Always extinguish candles or any other open flames before going to bed.
- Always handle candles or any other open flame with care.
- Store matches or lighters in a secure place not accessible to young children.

FIRE SAFETY TIPS

- To test an electric blanket lay it flat on top of the bed, then switch it on for five minutes before putting it on the bed for use to confirm it is okay.
- Use only authorised installers of fixed heating appliances.
- Oil, gas or wood heating units may require a yearly maintenance check.
- Only use fuses of recommended rating and install an electrical safety switch.
- If possible, in the kitchen keep a fire extinguisher and fire blanket placed near the exit.
- Never leave burning candles or any open flame unattended.
